Musical Chairs

We started a new Creative Curriculum Study on Music this week. To start our study we played the game musical chairs. When the music stopped we found a chair, when the music was playing we danced around the chairs. "I love this game" said Griffin.

Paper Plate Tambourines

The children were excited to decorate, thread yarn, and count beans to create their tambourines. After our instruments were finished we learned a new song and sang along to "The Itsy Bitsy Monkey" while shaking our tambourines.

Water Xylophone

We are learning how to make music using different materials. Using glass and water we created a xylophone. We learned that the glass with the least amount of water had an higher pitch than the glass with the most water.
