## Fall Festival Parade

Thank you to all of our Pre K families for joining us for our Fall Festival Parade and Potluck Lunch. The children had fun going for a walk through the Ivymount School to show off their costumes and meeting the Ivymount Administrative Staff.

## Math Edition- “Friends Feud”

We are continuing to work on our numbers from 1-20, what better way to learn them, then to sing and play friends feud! We sang “Lets count to 20”, followed by counting and reviewing numbers on the white board. The children were broken up into two teams. Ms. Nevine showed a number and the children had to ring the bell and say what number it was to receive a point. Everyone did an amazing job!

## Why do Leaves Change Colors?

Our Pre-K class is learning how leaves change colors during the fall. First, we picked different color leaves from the ground. Next, we crushed them up and added rubbing alcohol to the jar. Then we added a coffee filter, and waited a day to see the end results. We learned that the color from the leaves changed due to the season. When there is less sunlight, the green color fades away, and we begin to see yellow and orange leaves in the fall.
