

Group B

BROOKE GROVE

Montgomery Child Care Association, Inc.

October 30 - November 3, 2017

Making Slime

Add a touch of contact solution, a little bit of shaving cream, a drop or two of food coloring and a bowl full of glue, and voila, you have stretchy, gooey, pink slime.

“I Ain’t Afraid Of No Ghosts”

Janet shows off her tiny ghost saying, “I wanted it to be creepier than your average ghost”. What makes it unique is the fact that Janet added multiple faces to the ghost.

Growing Roots Experiment

Jacob and Gloria placed spring onions and corn into containers of water to determine whether or not the two vegetables will grow roots in the water. They and their friends predict what will happen, and over time they will observe and log the results.
