

# Panthers

**GARRETT PARK**

Montgomery Child Care Association, Inc.

*January 1<sup>st</sup> - 5<sup>th</sup>, 2018*

## The Luxurious Panthers' Pet Hotel

The Panthers start construction on the new Pet Resort set to open Summer 2018. The resort will have imported “beds”, “toys”, and “water” from “Michigan”. As the Panthers explore stacking blocks of various sizes , they realize the pets will need a playground. Jonah begins work on the top of the line play area to include a “bathtub”. The Panthers include small and big homes around the resort because some animals are “big” and some are “small”. Reservations for a spot will begin late Spring.

## Animal X-Ray Examination

The Panthers channel their inner veterinarian as they exam animal x-rays. In this activity, the Panthers begin by discussing their knowledge about x-rays and the skeletal system, with a little bit of new information from Ms. Jeanine. During centers, the children match animals to their respective X-Ray film. This activity provided the children with a wonderful and immersive way to learn a little bit about animal biology, as well as practicing cognitive and fine motor skills.

## Panthers' Pet Grooming Service

The Panthers gain knowledge about “Pets” during this month’s study unit. We will be learning ways to care for pets to keep them safe and healthy. The children create a “Pet Wash Station” that will give them the experience of caring for pets. One bin is filled with dirt, the second bin filled with soap and water and the last bin filled with just water. The children demonstrate the process of washing and grooming pets as they engage in getting the pets dirty then working as a team to get them cleaned.
