

# Hyenas

**KENSINGTON / FOREST GLEN**

Montgomery Child Care Association, Inc.

*October 2-6, 2017*

## Morning Art Activity

Before school in the Hyenas , the children were offered the opportunity to design a fabulous SUPER SPINNING TOP. The construction of the top had easy steps to follow. After it was dry, it was ready for a test run. Mastering the quick twist of the mini straw while pulling it out of the ring at the same time took some practice. But watching the cool designs twirling made for lots of conversation.

## Working Together

The construction site continues to evolve. Stage one was removing all the big rocks and making an artistic rock pile. Stage two this week involved changing the location of the digging hole. Dirt was dug up, placed in the wheelbarrows and dumped in the old digging hole, filling it back up to cover the tree roots that were exposed. This construction job is not only fun, but the kids are practicing their problem solving skills, cooperation, working with other, patience and sharing. But most of all, permission to play in the dirt!

## ART/SCIENCE

The Hyenas were busy with their next project, Solo Cup Stain Glass Medallions. The process included coloring the cups with Sharpies, having the teacher place them in a oven and watching them melt down. With trial and error, we discovered the cups only need to warm up for 2 to 3 minutes before taking them out of the oven and patting them down to flatten them before they cool off.
