*December 18-22, 2017*

## Wallabies Take a Trip

Our friends took a trip to the Silver Spring Library. While there our friends explored various books about clothing and fabrics. Our friends were able to identify each weather appropriate item of clothing and matched them with the correct seasons. The Wallabies had a great time reading with friends!

## Ice Cream in a Bag

During our small group activity we made ice cream in a bag. We used milk, sugar, vanilla extract, rock salt and ice. Our friends poured their ingredients into their small ziploc bags and then placed them into bigger bags with ice and rock salt . Our friends then begin to shake the bag of ingredients together and observed as the ice melted. The Wallabies enjoyed their tasty treat during snack time!

## Mixing Colors

After reading “ My First Look at Clothes”, our Wallabies mixed paint to create colors and pictures they saw in the story. While painting, the students discussed their work with one another. This activity helped strengthen fine motor and language skills.
