

# EAGLES

**GARRETT PARK**

Montgomery Child Care Association, Inc.

*July 20<sup>th</sup> - 24<sup>th</sup> , 2020*

## Circles and Triangles

Ms. Kulsum observes James moving his crayon round and around. Ms. Kulsum holds up a circular stacking shape and shows James. Pointing to the shape and then his marks on his paper, she asks, “Is that the same?” James nods his head yes.

## Groups of 5's and 7's

Hazel practices math operations using unifix cubes. She lines the cubes up by color and then groups of 5's. "What if you add 2 more cubes to each tower?" Hazel adds the 2 matching cubes to each individual tower and begins to count. "1-2-3-4-5-6...7!"

## Garage Makeovers!

Cade begins construction on his state of the art garage. After testing it out with his tractor, he decides to add on to it. He adds a “beach house”, “a house for Ms. Simone” and “a beach”.

# Important updates:

- If you will drop off between 10-4pm, please call to let us know so we will meet you outside
- We will encourage the children to wear a mask but not force them to.

## Gentle Reminder:

We ask that parents **wear their masks** as they approach the sign in/out table.

We are a **NUT-FREE** center so please be sure to check food items for nuts. We want to ensure we keep everyone safe and healthy while having fun!

**Water Play Days** will be: Wednesdays and Fridays!
